Hospitality Grade CRT, LCD, LED, and Plasma TVs Made for Hotels

We know how difficult and confusing finding the right TV for your Hotel can be. With so many different options like Mpeg 2, Pro Idiom and H.264 how do you know what Hotel TV is right for your Hotel. At Knitec we pride ourselves in educating and consulting each Hotel, walking you through each step and feature of each brand of TV. Why pay more for a TV that has capabilities that your Hotel does not need. We typically save each Hotel over \$100 per TV by simply offering you the right brand with the right features for your Hotel.

We also throw in many extras that no other Hotel TV integrator offers like free locking bolts for securing your new TVs to dressers, armoires or you can choose special high grade adhesive tape for securing your new Hotel TVs to granite. We offer every type of wall-mount, ceiling mount and stand on the market as well. Knitec also offers free installation (depending on location) Knitec has been working in the Hotel AV market for over 8 years giving us experience that you can count on. Instead of offering one or two brands Knitec will show you 6 different quotes for 6 different brands of Hotel Grade TVs. This shows each Hotel the entire scale of Hotel grade TVs from low end to high end and everything in between.

Knitec also keeps a cache of extra Hotel Grade TVs at every Knitec location. If you have an issue with a TV going out during the warranty period, Knitec will not stick you with an 800 tech support line where you will be put on hold for 2 hours just to find out that it will take 6 weeks to fix your TV. Knitec will send you a new TV and we will deal with the manufacture and the RA process. We Guarantee your satisfaction but don't take our word for it, here are a few of our satisfied customers,
